

LETTER FROM THE LT. GOVERNOR

October 2007

Fellow Kiwanians,

Thank you for the opportunity to serve you as you Lt. Governor and I shall always be ready to perform in any matter regarding your needs.

Soaring the Division to Greater Heights is my challenge for this year of Governance for Division 46.

With the officers that I have meet during my travels for club installations, I have no doubt we together shall soar this division to greater heights.

Each new club president has all ready grasped my challenge of membership growth by having one new member inducted at the installation or by either having the paper work in process from membership induction.

This shows we believe in Kiwanis and are looking to the future of the new Kiwanis, as some clubs have had membership growth of one to three members in the past two months, showing that we have passed the Point of Failing to Ask.

The enthusiasm I have witnessed at club installations again shows we Kiwanians are moving in the right direction of increasing the club growth, strong service projects, and continuing our charge of serving the children of our communities.

In providing the service to the children and to our communities we can all soar to greater heights and help make our division the greatest in Cal-Nev-Ha.

I strongly believe Division 46 shall end the 2007-2008 year with a plus membership, one or two new clubs, and with outstanding service projects that will be provided with the help of each one of you Kiwanians, and as our defining statement says "Kiwanis is a global organization of volunteers dedicated to changing the world one child and one community at a time.

Thank you, and as we all work together (you and me) we shall make Kiwanis a stronger name in our communities.

Onis Lentz Lt. Gov. Div. 46
